

DEPARTMENT OF DEFENSE (DoD) INQUIRY REQUESTS, 1ST AND 2ND QUARTER, FY 02

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0001	10/01/2001	DOCUMENT ORDER	Beamer, David ODASA, Chem Demil	OTHER DOD	Request for a copy of a document entitled After-Action Report for the Accelerated Retrograde of Chemical Stockpile in Germany.	A copy of CB-019215, After-Action Report for the Accelerated Retrograde of Chemical Stockpile in Germany (Operation Steel Box) Activities Within CRDEC was provided.		
2002-0062	10/02/2001	TECHNICAL	Thoma, Thomas Defense Information Systems Agency	OTHER DOD	Need to prepare a Chem/Bio Defensive Ops Plan for DISA. Would like a couple of variants of CB Defense Op Plans for a strawman to develop DISAs Ops Plan.	The Counter Terrorism/Force Protection Installation (CT/FP) Planning Template and the electronic version of the Installation Commanders' Blueprint were provided via Fed Ex. An Ops Plan from Tooele Chemical Demil Operation, Utah was reviewed and submitted. In addition, Jeff Abrabam (CB OPLAN and CBD infrastructure protection SME will meet with Tom in Washington, DC on Friday, October 5.		
2002-0012	10/09/2001	TECHNICAL	Thompson, Carlynn Defense Technical Information Center	OTHER DOD	Wanted to know when the CBIAC webpage will be accessible again? Requested we send html files of the CBD Internet directory and the Domestic Preparedness/Homeland Defense Directory Pages.	Provided HTML files for requested CBIAC webpages. Consulted with Information Support Systems programmers regarding re-establishment of website. CBIAC is also working with the SBCCOM CIO on this issue. All SBCCOM serviced sites are currently unavailable, and no definitive date for site availability could be given.

2002-0020	10/16/2001	TECHNICAL	Hale, Ron Defense Technical Information Center	OTHER DOD	Do you have information on masks in a mailroom? What is a good practice for mailroom staff in protective clothing/masks, rubber gloves, etc. against potential letter/package containing anthrax? Can trained dogs smell it?	The CBIAC researched the subjects of personal protective equipment and the use of trained dogs for anthrax detection. A summary and recommendations based on our research was provided which may be forwarded to the appropriate organization(s) responsible for developing/issuing DoD guidance. The original message was crosswalked with the reference: Mailroom Personal Protective Equipment (PPE).		
2002-0040	10/24/2001	TECHNICAL	Hale, Ron Defense Technical Information Center, IAC Program Office	OTHER DOD	Request a compilation of authoritative guidance on handling of Suspicious Mail, especially in re: the Anthrax threat. Request posting of links to same on the CBIAC Web Site.	Provided source documents and/or URLs on handling of mail appropriate for a bioagent threat situation. Prepared web page with links to this information.		DTIAC IAC Program Office
2002-0052	10/29/2001	TECHNICAL	Hale, Ron Defense Technical Information Center, IAC Program Office	OTHER DOD	In preparation for a briefing to Dr. Sega/DDRE, we have prepared a chart of samples of the S&T databases/tool/websites that are supported by DTIC. Please review the attached spreadsheet and input the databases/tools/websites that are under your IAC (including your technology community databases that your IAC has access to) and the associated information in the format provided. Just add your data to the attached format.	All relevant databases and websites regularly accessed by the CBIAC in support of inquiries and technical area tasks for the CB Defense community were provided.		

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0056	10/30/2001	DOCUMENT ORDER	Buley, Donald Joint Program Office for Biological Defense	OTHER DOD	Request a report which discusses a simulation, run against the Pentagon, which demonstrated the effects of the release of a biological agent simulant. The report may be part of a series, it may be classified. The test is thought to have been done about 25 years ago.	Dr. Perry Mikesell has a collection of classified documents from that era and he remembers a report from the mid 1960s describing three simulant releases: the NY subway system, the San Francisco Bay release and the Pentagon release. He has provided 2 classified documents to the CBIAC. Both documents were mailed to Mr. Buley.		
2002-0060	10/30/2001	TECHNICAL	Hale, Ron Defense Technical Information Center, IAC Program Office	OTHER DOD	Provide a response and recommendations on data mining in light of CBIAC knowledge of activities in this area.	Provided a recommendation for locating the data mining capability, discussed related CBIAC activities, both ongoing and planned in this area, and provided points of contact.		
2002-0063	11/02/2001	TECHNICAL	Knight, Dolores Defense Technical Information Center	OTHER DOD	Responsible for creating a Chemical/Biological Terrorism website for .mil and .gov users. Would like assistance in identifying websites to hot link, or acquiring full-text documents to populate this website.	A comprehensive CBIAC Bibliographic Database search was provided. Selections were made from this bibliography and requested under a separate inquiry.		

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0083	11/14/2001	BIBLIOGRAPHIC	Hale, Ron	OTHER DOD	Please follow up on a publication advertised in the Washington Post. Is it relevant, and does the CBIAC have it.	There is no URL or telephone number available for Freedom Publishing, and there is no known publishers located at the address provided. We have concluded that the address is a mail drop. The document, which is in the CBIAC collection, is almost certainly FC 3-7, NBC Handbook (later FM 3-7), which was published by the U.S. Army Chemical School at Fort McClellan, AL in 1986. An examination of the Army's Reimer Digital Library suggests that there is no longer a distribution limitation on the publication. It is certainly relevant to a CBD collection, and, as noted, we do have it.		
2002-0091	11/19/2001	TECHNICAL	Defense Technical Information Center Leach, Yvette	OTHER DOD	Request information on a document entitled NBC Handbook, I.e., AD Number. Request submission by CBIAC to DTIC.	Document referenced is FM 3-7, NBC Field Handbook. The document is published by the US Army Chemical School; referred requester to the Dennis J. Reimer Training and Doctrine Library website. CBIAC cannot submit a document to DTIC without controlling government agency's permission.		
			Defense Technical Information Center, IAC Program Office

2002-0098	11/19/2001	TECHNICAL	Lyle, Greg	OTHER DOD	Looking for information on the Bioterrorism Working Group.	Provided websites with limited information on different Bioterrorism Working Groups however there does not seem to be an overall group. Provide Point of Contact with the CDC to discuss the CDC's internal bioterrorism working group. Provided a recent article appointing D.A. Henderson as the head of the new Office of Public Health Preparedness.		
			Defense Threat Reduction Agency					
2002-0099	11/26/2001	TECHNICAL	Hale, Ronald	OTHER DOD	Please provide the total number of Technical/Bib Inquiries received to date concerning the 9-11 Event, Homeland Defense, and War on Terrorism. Sorry for the short turnaround. Please email all responses to: wmorgan@dtic.mil with a copy to your PMA.	A report containing information on the number of Homeland Defense Inquiries received since 9/11/01 was provided.		
			Defense Technical Information Center, IAC Program Office					
2002-0118	12/07/2001	DOCUMENT ORDER	Wentworth, James	OTHER DOD	Request for documents as follows: C047749, C044442, P200744, B119109, P200452, and C056011.	Copies of the requested documents were provided.		
			Defense Threat Reduction Agency/CBT					
2002-0120	12/10/2001	BIBLIOGRAPHIC	Diffenbaugh, Kelly	OTHER DOD	Request a CBIAC Bibliographic Database search for reports by Arthur M. Friedlander and William C. Patrick; both classified and unclassified.	Performed a CBIAC database search for reports by requested authors. Provided two search result files and referred requester to West Desert Technical Information Center (WDTIC) for a classified database search.		
			Defense Advanced Research Projects Agency					

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0125	12/14/2001	BIBLIOGRAPHIC	Wyler, Brenda Defense Threat Reduction Agency/CBT	OTHER DOD	Request all information at CBIAC on the Bari Harbor incident.	A search of the CBIAC bibliographic database resulted in 7 documents. All 7 documents were provided to the requester.		
2002-0138	12/17/2001	DOCUMENT ORDER	Cornell, Elizabeth Defense Technical Information Center	OTHER DOD	Request the following documents in electronic format: CB-028093, CB- 100922, CB-106644, CB- 167336, CB-167341, CB- 169187, CB-176513, CB- 179540, and CB-183797.	An electronic copy of each document was provided on CD- ROM.		
2002-0154	01/02/2002	DOCUMENT ORDER	Bergmann, Randall Defense Technical Information Center, Northeastern Regional Office	OTHER DOD	Request copies of two (2) reports: AD-D750 051, Chemical Defensive Equipment, 25 October 1984, 51 pages; and AD-D750 663, NBC (Nuclear, Biological, Chemical) Detectors, 1 May 1988, 15 pages.	An electronic copy of each report was provided.		

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0145	01/07/2002	TECHNICAL	Wyler, Brenda	OTHER DOD	Requests a list of BW Incident Training Exercises or Scenarios. Looking for after action lessons learned. In addition, looking specifically for exercise findings for the bio portions of the following exercises: Dark Winter; TOPOFF 2000; Alamo Alert; Western warrior 24-26 Feb 1999; Ellipse Alpha 99.	Provided the BW subset of those scenarios collected for Inquiry #2002-0100. There were no reports on any of the specific exercises in DTIC. Provided contact information for Mr. John Valliere of Emergent Information Technologies, Inc who provided Ms. Wyler with Air Force contacts who can supply details on Dark Winter, TOPOFF 2000 and Alamo Alert. Provided 4 products from Debra Schnelle, HQDA, Office of the Surgeon General: BW hazard Analysis, Hazard Analysis, and Hazard Analysis Concept. Suggested contacting LTC Martin Bagley, DTRA, Consequence Assessment Branch for info on the Philadelphia demo and the bio scenarios for Anthrax and Smallpox.		
			Defense Threat Reduction Agency					
2002-0146	01/10/2002	TECHNICAL	Hale, Ronald	OTHER DOD	Search DTIC databases and other databases and resources for biodetectors. Determine current state of the art, ongoing efforts and plans for the next four generations in this area. Deliver in formal report w/cover, include electronic references, spreadsheet of company & equipment databases. POC names, numbers, office symbol, email, organization. In addition, provide historical cost expenditures.	A formal Biodetection report was provided in electronic format (PDF and MS Word). In addition, a separate executive summary was provided. The report contained current biodetection technologies, developmental technologies, equipment lists, and planned expenditures.		
			Defense Technical Information Center					

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0149	01/11/2002	TECHNICAL	Shaffer, Alan Director Defense Research and Engineering	OTHER DOD	Request a copy of the CBIAC Inquiry Report No. 2002-0146 be provided, as well as the executive summary.	A copy of each of the requested documents were provided.		
2002-0155	01/14/2002	TECHNICAL	Semancik, Karl Department of Justice (through OSD)	OTHER DOD	Request facilities (gov't, contractor, sub-contractor); individuals; and organizations; observer/use information and documents; and dry/powderized anthrax information and documents resulting from or that have performed or participated in DoD projects, programs, contracts or efforts relating to Bacillus anthracis (anthrax) or simulants of anthrax (including such simulants as Bacillus thuringiensis, Bacillus globigii, Bacillus cereus, and Bacillus subtilis)..	As an aid to locating those DoD facilities and contractors which conducted research involving anthrax and its simulants, on 1/21/02 we sent 14 files of citations from the CBIAC and unclassified DTIC bibliographic databases referencing anthrax, cereus, thuringiensis, globigii, subtilis or anthrax simulants in reports published after 1980. Provided DTIC classified search to Dr. John Wade on 2/8/2002.		
2002-0156	01/15/2002	BIBLIOGRAPHIC	Pate, Jerry Defense Threat Reduction Agency	OTHER DOD	Client wants literature search to identify databases that can be searched for data suggestive of a BW terrorist attack on humans, animals or crops. Client would prefer results in format of a list of relevant databases along with "a short abstract of the contents of each" database.	Provided client with annotated bibliography of about a half-dozen databases along with supporting documentation from Internet.		

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0163	01/16/2002	BIBLIOGRAPHIC	Bosco, Sal Defense Threat Reduction Agency, CB	OTHER DOD	Requests electro ic documents on the incident which occurred in Bari, Italy during WWII in which a ship carrying mustard exploded	We scanned and sent by email 4 documents: CB-104228 (in CB-104222) "A Mustard Agent Tragedy - the air raid on Bari"; CB-021886; CB-014028; and "Deadly Luftwaffe Strike in the Adriatic" (to be entered into collection)		
2002-0169	01/23/2002	TECHNICAL	Hale, Ron Defense Technical Inforamtion Center	OTHER DOD	Assess the number of chemical warfare and of biological warfare related documents which have ever been declassified from Secret to Unclassified or from Confidential to Unclassified. In addition, determine the number of the declassified documents which are now public release.	Provided numbers of the subsets as requested noting that the earliest Report Date in either set was January 1915.		
2002-0181	01/25/2002	TECHNICAL	Hale, Ron Defense Technical Information Center	OTHER DOD	Determine how many documents are in the CBIAC collection that could be considered biological weapon and chemical weapon 'cookbooks', that is, provide enough information to constructing a weapon.	A thorough search of the CBIAC bibliographic database was performed for those chemical and biological warfare/agent documents that could be considered a 'cookbook'. A summary sheet with search strategies and the search results were provided.		
2002-0184	01/29/2002	BIBLIOGRAPHIC	Smith, Markham Defense Threat Reduction Agency/CBT	OTHER DOD	Would like to locate a copy of "Biological Weapons Detection Mission Area Analysis," published in June or July 2000.	Called IDA's reference library (703-845-2087) asking about the document (1/29). Client received document from IDA (author of the document).		

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0210	02/08/2002	TECHNICAL	Kozemchak, Paul	OTHER DOD	Request information on electronic document repositories and dissemination systems available through the CBIAC.	Provided descriptions of the Biological and Chemical Online Repository and Technical Holdings (BACWORTH) and Chemical and Biological Defense Information Network (CBDI-Net) systems.		
			DARPA					
2002-0212	02/12/2002	BIBLIOGRAPHIC	Hale, Ronald	OTHER DOD	Reference: Canadian Defence Research Establishment Suffield (DRES) TR on anthrax dissemination and Washington Post article about it. A document entitled Risk Assessment of Anthrax Threat Letters is available in full-text on the web. DTIC did not get a copy, did CBIAC? In addition, FYI, NTIS has an anthrax WMD page containing 67 scientific government reports; should be reviewed for relevance and collection.	The CBIAC bibliographic database search did not reveal a copy of Risk Assessment of Anthrax Threat Letters. The CBIAC has captured the PDF from the website and included it in the collection. Acquisition of any relevant documents on the NTIS page was performed. A negative response on the database search was provided to DTIC IAC Program Office.		
			Defense Technical Information Center, IAC Program Office					

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0240	02/13/2002	TECHNICAL	Cupp, Chris	OTHER DOD	In support of an effort with OSTP III, is there an official Key Word List from the Australia Group? What is the Australia Group?	Unable to find any official key word list. At http://australiagroup.net on can find individual web pages of lists of 6 different categories of agent: BW agents, plant pathogens, chem agent precursors, etc. Perhaps these very comprehensive lists kconstitute a Key Word list. Recommended http://projects.sipri.se/cbw/research/AG-mainpage.html and http://projects.sipri.se/cbw/research/AG-members.html for discussions of the Australia Group, their current membership, their publication history, etc.		
			Defense Technical Information Center					
2002-0225	02/15/2002	BIBLIOGRAPHIC	Bosco, Salvatore	OTHER DOD	Could you work up a bibliography on all (including classified) agent fate documents relavant to nerve and blister agents at Dugway Proving Ground? I will cull out of that set a number of documents which are primary sources which we could exchange with the Israelis for any fate documents they might have. Once I cull these then I will get back to you on which documents we want copies of to actually exchange.	Sent searches with search strategy as follows: Search 1: nerve agent, G agent, H agent or vesciat*, blister and fate Search 2: site holding "contains the phrase" DW Search 3: environment* Search 4: Search 1 and Search 3 Search 5: Search 4 and Search 2 - This was sent to client Search 6: cloth* or material Search 7: Search 1 and Search 6 Search 8: Search 7 and Search 2 - This was sent to client

2002-0226	02/15/2002	DOCUMENT ORDER	Bosco, Salvatore	OTHER DOD	Request for 6 documents: AD-C056011, Novel Aerosol Threats (Dusty Agents), Volume 2: The Quantification of Dusty Agent Hazards; AD-C047 749, Aerosol Challenge of the Individual Protective Ensemble: Final Report; AD-P200 744, Methodologies for Testing Permeable Chemical Protective Fabrics and Garments Against an Aerosol Threat; AD-B119 109, Aerosol Challenge of the Individual Protective Ensemble; AD-P200 452, Wind Tunnel Study of Aerosol Penetration Through Protective Overgarments; and looking for Wind Induced Air Flow Through Permeable Protective Fabrics from Research Triangle Park, dated November 1993.	A copy of each requested document was provided.		
			Defense Threat Reduction Agency					
2002-0227	02/19/2002	INFORMATIONAL	Wentworth, James	OTHER DOD	Requested information on potential CBIAC contributions to the Partnership for Peace Information Management System (PIMS). PIMS may offer the CBIAC the opportunity to share data with friendly countries at the unclassified level.	Provided information on the CBIAC's interface and activities with the SBCCOM International Programs Office and on our interactions with DERA, Porton Down, UK. Don McGonigle, CBIAC Knowledge Management and Development Manager, will engage with Mr. William Lacey, PIMS program office on behalf of the CBIAC.		Partnership for Peace Information Management System
			Defense Threat Reduction Agency					
2002-0235	02/22/2002	DOCUMENT ORDER	Scopin, Edward	OTHER DOD	Request a copy of CB-000284, Soviet Biological Threat.	An electronic copy of the requested document was sent by email.		
			DARPA					

INQUIRY NUMBER	INQUIRY DATE	INQUIRY TYPE	REQUESTOR AND ORGANIZATION	AGENCY TYPE	REQUEST SUMMARY	RESPONSE SUMMARY	ACAT	PROGRAM
2002-0236	02/22/2002	BIBLIOGRAPHIC	Edwards, Eric	OTHER DOD	Client wants a complete bibliographic citation for Hughes, William J." A Taxonomy for Combined Arms Threat. " published in Chemical/Biological Smoke Modelling.	Provided client will be full bibliographic citation for article requested		
			SURVIAC					
2002-0238	02/25/2002	TECHNICAL	Wentworth, James	OTHER DOD	How does one know that a piece of data or a database is good? What is the process for VV & A (correct use of terminology?) of data? Is there a generic process or is it program specific? Is there a reference that governs this? This question is being asked in a generic sense and also specifically for the chem/bio passive defense program.	A descriptive analysis of how the CBIAC processes data for information collection was provided as well as some relevant websites.		
			Defense Threat Reduction Agency/CBT					
2002-0251	02/26/2002	TECHNICAL	Hale, Ronald	OTHER DOD	The new National Defense Magazine (NDIA), March 2002 issue, Page 22 identifies US Government Programs for detection of chemical and biological agents. Is this a complete list? Do we know of others? Do you have this source already?	A review of the CINC CB Program Review, the Annual Report to Congress, and the Joint Service Chemical and Biological ... was compared to the referenced article. Systems and programs not identified in the article were highlighted.		
			Defense Technical Information Center					
2002-0317	03/29/2002	TECHNICAL	Lewis, Kim	OTHER DOD	Request an image or PDF of the cover of a book entitled: Chemical Warfare Agents: Toxicity at Low Concentrations (CB-109044).	A high resolution PDF was provided via email.		
			Defense Technical Information Center
